# Index to Volume 12

## Subjects

---

- Acoustic nerve
  - compression, auditory brain stem responses, 12
- Acoustic neuroma
  - pressure, auditory brain stem responses, 12
- Adenoidectomy
  - recurrent otitis media in children and (abstr), 59
- Adenotonsillectomy
  - complications, children under 3 years of age, 170
- Aeroallergens
  - pollen, North American, distribution and incidence of, 205
- Airway
  - upper, closure, during sleep (abstr), 302
- Allergic rhinitis
  - overview (abstr), 304
- Ameloblastoma
  - maxillary, 20
- An Otolaryngologist's Guide to Allergy (book review), 63
- Antigens
  - class II, aural cholesteatoma, 249
- Antihistamine
  - efficiency of treatment, nasal histamine challenge, 316
- Aspirin
  - see Salicylates
- Audiometry
  - evoked response, pressure on the acoustic nerve, 12
- Auditory brain stem responses
  - pressure on the acoustic nerve, 12
- Auditory canal
  - external, growth, vitamin A effects, rat, 67
- Autoimmune disease
  - inner ear pathology, Palmerston North autoimmune mouse, 259
  
- Balance
  - assessment, stabilometry in, 196
- Basal cell carcinoma
  - skin, beta carotene in prevention of (abstr), 177
- Beta carotene
  - basal cell and squamous cell cancer, skin (abstr), 177
  - lymphocyte subpopulation and, elderly humans (abstr), 242
- Bone
  - resorption, cholesteatoma, tumor necrosis factor- $\alpha$  role in, 83
  - tissue transformation into (abstr), 303
- Branchial pouch, acute thyroiditis and, 6
- Branchial sinus, acute thyroiditis and, 6
- Branhamella catarrhalis*
  - upper respiratory tract, 113
- Bronchogenic cysts
  - stridor and, neonate, 117
- Bronchoscope
  - flexible fiberoptic, diagnosis of lung tumors with (abstr), 241
  
- Carbonic anhydrase inhibitor
  - effects on otolithic organs, developing chick embryo, 191
  
- Caustic ingestion
  - free flap reconstruction, recalcitrant hypopharyngeal stricture, 76
- Central nervous system
  - leukemia, temporal bone pathology in, 320
- Cerebellum
  - chronic toxic encephalopathy, dynamic posturography, 96
- Cervical nodes
  - metastatic carcinoma, radiotherapy role in (abstr), 127
- Children
  - see Pediatrics
- Cholesteatoma
  - aural, immunologically activated cells in, 249
  - bone resorption of, tumor necrosis factor- $\alpha$  role in, 83
  - clinical characteristics of, 254
  - development, 5-fluorouracil effects, animal model, 133
  - epidermal Langerhans cells in, 307
- Clinical Anatomy of the Posterior Cranial Fossa and Its Foramina* (book review), 362
- Clinical Correlations in the Head and Neck: The Larynx (Radiology-Surgery-Pathology)* (book review), 245
- Clinical Voice Disorders* (ed 3) (book review), 246
- Cochlea
  - function, corticosteroid preparation effects, 150
  - salicylate ototoxicity, 33
- Cochlear implants
  - better speech recognition with (abstr), 302
- Cochlear Mechanisms and Otoacoustic Emissions (book review), 130
- Contingent negative variations
  - enhancement, tinnitus patients, 267
- Corticosteroids
  - preparation, ototopic application of, cochlear function and, 150
- Cricoid split
  - anterior, pediatric, 343
- Cricopharyngeal dysfunction
  - chronic obstructive pulmonary disease and (abstr), 60
- Croup
  - Branhamella catarrhalis* in, upper respiratory tract, 113
- Cyclosporine
  - topical rinse, oral lichen planus (abstr), 128
  
- Diagnosis-related groups
  - postoperative care and, neck dissection patients (abstr), 180
- Dizziness
  - balance assessment, stabilometry in, 196
- Drug-based prospective payment system
  - quality of care and (abstr), 180
- Dry mouth
  - saliva measurement, parotid salivary flow rate, 272
- Dynamic posturography
  - chronic toxic encephalopathy, 96
- Dysphagia
  - post-polio syndrome and (abstr), 242
  
- Eccentric rotation
  - vestibulo-ocular reflex, squirrel monkey, 185

- Embryo
  - development, otolithic organs, carbonic anhydrase inhibitor effects, chick, 191
- Encephalopathy
  - chronic toxic, dynamic posturography, 96
- Eosinophilic granuloma
  - otolaryngologic manifestations of, 26
- Epithelial cells
  - differentiation, Epstein-Barr virus effects (abstr), 59
- Epstein-Barr virus
  - epithelial cell differentiation and (abstr), 59
- Esophagus
  - ulcers, odynophagia and, acute HIV infection (abstr), 59
- Eyelid Surgery (book review), 181
  
- Facial nerve
  - palsy, newborn (abstr), 59
  - primary tumors (abstr), 126
- 5-Fluorouracil
  - cholesteatoma development and, animal model, 133
- Forehead
  - reconstruction, periosteal flaps in (abstr), 243
- Functional endoscopic sinus surgery
  - complications, 326
  
- Gastrointestinal tract
  - upper, caustic injury, adults (abstr), 61
- Granuloma
  - midline, 26
  
- Handbook of Vertigo* (book review), 182
- Head and neck carcinoma
  - I-125 seed implantation in (abstr), 241
  - pain management in, 154
- Head and Neck Imaging* (ed 3) (book review), 305
- Head and neck surgery
  - microsurgical reconstruction, cost analysis (abstr), 304
- Hearing loss
  - conductive, Larsen's syndrome, 51
  - salicylate ototoxicity, 33
- Hearing Loss in the Elderly* (book review), 306
- Histamine
  - nasal challenge, efficiency of antihistamine treatment, 316
- Hodgkin's disease
  - otolaryngologic manifestations of, 26
- Human immunodeficiency virus
  - asymptomatic, early neurologic abnormalities, men (abstr), 177
  - painful swallowing, esophageal ulcers and (abstr), 59
- Hydroxyl radical scavenger
  - cutaneous photoprotection with, photodynamic therapy, 1
- Hyperparathyroidism
  - primary, two enlarged parathyroid glands (abstr), 60
- Hypopharyngeal stricture
  - recalcitrant, free flap reconstruction of, 76
  
- Imaging
  - three-dimensional, skull base lesions, 139
- Immunoglobulins
  - bacteria coated with, suppurative otitis media, 161
  - inner ear pathology, Palmerston North autoimmune mouse, 259
- Immunohistochemistry
  - aural cholesteatoma, 249
- Infratemporal fossa
  - rhabdomyosarcoma, diagnosis and surgical management, 146
- Inner ear
  - pathology, Palmerston North autoimmune mouse, 259
- Interferon
  - action and clinical application (abstr), 302
  - lymphoblastoid, treatment of recurrent respiratory papillomatosis (abstr), 303
- Interleukin 1
  - Langerhans cells, role in cholesteatoma, 307
- Interleukin 2
  - receptor, aural cholesteatoma, 249
- Intracerebral hematoma
  - split calvarial bone-graft harvesting and (abstr), 243
- Iodine-125
  - seed implantation, head and neck carcinoma (abstr), 241
- Isotretinoin
  - squamous cell carcinoma (abstr), 177
  
- Jejunum
  - free flap reconstruction, recalcitrant hypopharyngeal stricture, 76
  
- Keratinocytes
  - epidermal Langerhans cell's conditioned medium effects, 307
  
- Langerhans cell
  - epidermal, cholesteatoma and, 307
- Larsen's syndrome
  - ossicular abnormality in, 51
- Laryngeal cancer
  - cartilage invasion by, MR findings (abstr), 126
  - induction chemotherapy plus radiation, compared with surgery plus radiation (abstr), 243
  - lymphocytes, sister chromatid exchange in, 101
- Laryngeal nerve
  - recurrent paralysis, liquid and solid silicone injection, 165
- Laryngomalacia
  - corrective surgery for, pediatric, 230
- Larynx
  - response to silicone, 288
- Lasers in Otolaryngology—Head and Neck Surgery* (book review), 63
- Leukemia
  - acute lymphoblastic, necrotizing otitis externa during induction therapy (abstr), 126
  - central nervous system, temporal bone pathology in, 320
- Lung
  - tumors, flexible fiberoptic bronchoscope diagnosis of (abstr), 241
- Lymphadenopathy
  - cervical, 26
- Lymphocytes
  - sister chromatid exchange in, larynx cancer patients, 101
  - subpopulations, beta carotene effects, elderly humans (abstr), 242
- Lymphoproliferative disorders
  - head and neck, 26
  
- Magnetic resonance imaging
  - laryngeal cancer, cartilage invasion (abstr), 126
  - three-dimensional, skull base lesions, 139

- Male Aesthetic Surgery** (ed 2) (book review), 362
- Malignancy**  
recurrent respiratory papillomatosis, 104
- Mandible**  
defects, reconstruction in irradiated patients (abstr), 178  
definitive replacement, reconstruction plates (abstr), 178  
fracture, fixation of (abstr), 61
- Material Quick Absorber**  
measurement, parotid salivary flow rate, 272
- Maxilla**  
ameloblastoma, 20
- Melanoma**  
cutaneous (abstr), 303
- Melanoma of the Head and Neck** (book review), 131
- Meniere's disease**  
v epilepsy (abstr), 128
- Microscopy**  
fluorescence, immunoglobulin-coated bacteria in otitis media, 161  
light, external auditory canal, rat, 67
- Middle ear**  
cholesteatoma development, 5-fluorouracil effects, animal model, 133
- Multiple Primary Tumors in the Head and Neck** (book review), 245
- Nasal Manifestations of Systemic Diseases** (book review), 247
- Nasopharyngeal carcinoma**  
susceptibility, linkage to HLA region (abstr), 128
- Neck dissections**  
postoperative care, diagnosis-related groups and (abstr), 180
- Non-Hodgkin's lymphoma**  
otolaryngologic manifestations of, 26
- Odynophagia**  
esophageal ulcers and, acute HIV infection (abstr), 59
- Oral and Maxillofacial Trauma** (book review), 181
- Oral lichen planus**  
topical cyclosporine rinse and (abstr), 128
- Organ culture**  
vitamin A effects, external auditory canal growth, rat, 67
- Ossicular abnormality**  
Larsen's syndrome, 51
- Osteogenesis**  
vascularized periosteal flaps, 90
- Otitis externa**  
necrotizing, acute lymphoblastic leukemia (abstr), 126
- Otitis media**  
chronic, cholesteatoma compared with, 254  
recurrent, adenoidectomy efficacy in, children (abstr), 59  
suppurative, immunoglobulin-coated bacteria in effusions from, 161
- Otolaryngology** (ed 3) (book review), 246
- Otolaryngology-Head and Neck Surgery. Update II** (book review), 305
- Otolithic organs**  
carbonic anhydrase inhibitor effects, developing chick embryo, 191  
vestibulo-ocular reflex, eccentric rotation, squirrel monkey, 185
- Ototoxicity**  
salicylate-induced, 33
- Pain management**  
head and neck carcinoma, 154
- Palmerston North autoimmune mouse**  
inner ear pathology in, 259
- Papillomatosis**  
recurrent respiratory, 104  
lymphoblastoid interferon treatment (abstr), 303
- Paraganglioma**  
vagal, 278
- Pathology of the Nose and Paranasal Sinuses** (book review), 131
- Pediatrics**  
adenotonsillectomy complications, children under 3 years of age, 170  
anterior cricoid split, 343  
atypical tracheobronchial vascular compression, infant, 347  
bronchogenic cysts, stridor and, neonate, 117  
facial nerve palsy, newborn (abstr), 59  
Larsen's syndrome, ossicular abnormality in, 51  
laryngomalacia, corrective surgery for, 230  
radiation therapy, children and adolescents (abstr), 178  
recurrent otitis media, adenoidectomy and (abstr), 59  
supraglottis, radiation recall in, 227  
tracheostomy, review (abstr), 61  
tracheotomy, physician survey, 48
- Periosteal flaps**  
reconstruction, scalp and forehead (abstr), 243  
vascularized, early structural changes in, 90
- Pharyngitis**  
non-group A streptococcus, 292
- Photodynamic therapy**  
cutaneous cytoprotection in, 1
- Photoprotection**  
cutaneous, in photodynamic therapy, 1
- Plasma cell neoplasms**  
otolaryngologic manifestations of, 26
- Pollen**  
aeroallergens, North American, distribution and incidence of, 205
- Polymorphic reticulosis**  
otolaryngologic manifestations of, 26
- Post-polio syndrome**  
dysphagia in (abstr), 242
- Posturography**  
balance assessment, dizzy and normal subjects, 196
- Psycho-organic syndrome**  
chronic toxic encephalopathy, dynamic posturography, 96
- Pulmonary disease**  
chronic obstructive, cricopharyngeal dysfunction in (abstr), 60
- Quizzes**  
clinical radiology quiz, 54, 122, 173, 236, 297, 357  
temporal bone histopathology residents' quiz, 56, 124, 175, 238, 299, 359
- Radiation therapy**  
children and adolescents (abstr), 178  
laryngeal cancer, cartilage invasion by, MR (abstr), 126  
metastatic carcinoma, cervical nodes (abstr), 127  
recall, supraglottis, children, 227
- Residents**  
hours and working environment, otolaryngology (abstr), 303

- Respiratory infection  
*Branhamella catarrhalis*, 113
- Rhabdomyosarcoma  
 infratemporal fossa, diagnosis and surgical management, 146
- Rhinitis  
 allergic (abstr), 304  
 chronic, nasal histamine challenge, 316
- Round window membrane  
 ototopic application of corticosteroids, 150
- Salicylates  
 ototoxicity, 33
- Saliva  
 decrease, measurement using Material Quick Absorber, 272
- Salivary flow rate  
 parotid, measurement using Material Quick Absorber, 272
- Salivary gland  
 tumors (abstr), 127
- Scalp  
 reconstruction, periosteal flaps in (abstr), 243
- Semicircular canals  
 vestibulo-ocular reflex, eccentric rotation, squirrel monkey, 185
- Silicone  
 human larynx response to, 288  
 liquid and solid injection, voice prognosis after, 165
- Sinusitis  
 chronic fungal, apparently normal hosts (abstr), 242
- Sinus surgery  
 endoscopic, complications of, 326  
 ophthalmic complications (abstr), 60
- Sister chromatid exchange  
 lymphocytes, larynx cancer patients, 101
- Sleep Apnea (book review), 64
- Solvents  
 chronic toxic encephalopathy, dynamic posturography, 96
- Speech  
 better recognition, cochlear implants (abstr), 302  
 perception, ultrasonic (abstr), 302
- Squamous cell carcinoma  
 head and neck, isotretinoin in (abstr), 177  
 oral and facial, squamous cell carcinoma antigen in diagnosis of (abstr), 128  
 oral cavity, positive margins in (abstr), 179  
 posterior pharyngeal wall (abstr), 179  
 skin, beta carotene in prevention of (abstr), 177
- Stabilometry  
 balance assessment, dizzy and normal subjects, 196
- Streptococcus  
 non-group A, pharyngeal and tonsil infections, 292
- Stridor  
 bronchogenic cysts and, neonate, 117
- Subglottic stenosis  
 anterior cricoid split procedure, pediatric, 343
- Supraglottis  
 radiation recall in, children, 227  
 trimming, corrective surgery for laryngomalacia, pediatric, 230
- Surgery  
 denervation, spasmodic torticollis (abstr), 242  
 five Nobel Prize-winning surgeons (abstr), 241  
 head and neck, microsurgical reconstruction, cost analysis (abstr), 304  
 laryngomalacia, pediatric, 230  
 recalcitrant hypopharyngeal stricture, free flap reconstruction, 76  
 rhabdomyosarcoma, infratemporal fossa, 146  
 sinus  
 endoscopic, complications of, 326  
 ophthalmic complications (abstr), 60  
 skull base, lesions, MRI in, 139  
 subglottic stenosis, anterior cricoid split, pediatric, 343  
 tracheotomy, pediatric, 48  
*Surgery for Cancer of the Esophagus* (book review), 64  
*Surgery of the Thyroid and Parathyroid Glands* (ed 3) (book review), 130  
*Surgical Anatomy of the Nose* (book review), 305  
 Systemic diseases  
 otolaryngologic manifestations of, 26
- Temporal bone  
 histopathology, resident's quiz, 56, 124, 175, 238, 299, 359  
 pathology, central nervous system leukemia, 320  
*Textbook of Performing Arts Medicine* (book review), 181
- Thyroiditis  
 acute suppurative, branchial apparatus and, 6
- Tinnitus  
 contingent negative variation enhancement in, 267
- Tissue transfer  
 free flap reconstruction, recalcitrant hypopharyngeal stricture, 76
- Tonsillitis  
 non-group A streptococcus, 292
- Torticollis  
 spasmodic, surgical denervation in (abstr), 242
- Tracheobronchial vascular compression  
 atypical, infant, 347
- Tracheostomy  
 review (abstr), 61
- Tracheotomy  
 pediatric, physician survey, 48
- Tumor necrosis factor- $\alpha$   
 bone resorption of cholesteatoma, 83
- Tumors  
 ameloblastoma, maxillary, 20  
 lung, flexible fiberoptic bronchoscope diagnosis of (abstr), 241  
 otolaryngologic manifestations of, 26  
 primary facial nerve, skull (abstr), 126  
 recurrent respiratory papillomatosis, 104  
 salivary gland, oral cavity (abstr), 127  
 skull base, three-dimensional MRI in, 139  
 vagal paragangliomas, 278
- Tympanic membrane  
 cholesteatoma development, 5-fluorouracil effects, animal model, 133
- Uvulopalatopharyngoplasty  
 speech status after (abstr), 126
- Vestibular input  
 balance assessment, stabilometry in, 196
- Vestibulo-ocular reflex  
 eccentric rotation, squirrel monkey, 185
- Vitamin A  
 growth and differentiation, external auditory canal, rat, 67
- Voice  
 prognosis, liquid and solid silicone injection, 165  
 semi-automated evaluation, 329
